

Rani & Leigh

– November 2, 2008 –

– ENCOMPASSING ELEGANCE –

From the stunning ceremony at Melbourne's The Dome to the unusual photoshoot locations, Leigh and Rani paid attention to doing things a little bit differently. The result? A unique event, remembered in compelling images.

Suspended before the majestic Victoria Falls on a hanging bridge, Leigh proposed on the spur of the moment after a seven-year romance with Rani. Setting the scene for a truly fantastic wedding, the couple then flew to Capetown, where they bought a 1.2 carat, solitaire diamond engagement ring.

Upon their return to their hometown of Melbourne, the couple was joined by family and friends from afar for their ceremony at The Dome and reception at Comme, Alfred Place. Marisa Welcome from A Lavish Affair helped with all the details. The result, particularly the styling of the ceremony and reception, was just stunning."

Developing a theme of mint green and black, the couple made bold choices that are reflected beautifully in Hilton Stone's photography. Making use of green Goddess Lilies, and sleek black details the theme was an elegant complement to the opulent interiors of both venues. Leigh and Rani were so enamoured of their black classic Mercedes convertible that it even starred in some of the photos, which were shot on location in Melbourne's historic Flinders Street and Hosier Lane. Topping the celebration was a day at the Melbourne Cup, where the guests were once again united to celebrate in glamorous style. ■
